Dear Board of Zoning Appeals Applicant:

As part of your application process, you are required to notify surrounding property owners of the Board of Zoning Appeals public hearing to consider your application request. This notice must be sent by certified mail, a minimum of twenty two days prior to your scheduled public hearing date before the Board of Zoning Appeals. You are required to submit to the City the white/green certified mailing receipt cards as proof of mailing. See the attached instructions for sending certified mail. Do not use any electronic options for the delivery of certified mail as it does not provide adequate proof for the City to verify you have met your notice requirements. The required notice must be sent to:

- Property owners within 200 feet of the property subject to your request and
- If the subject property is located adjacent to unincorporated land outside of the City’s limits, the notices must also be mailed to all property owners of unincorporated property within 1,000 feet of the property subject to your request.

A certified mailing affidavit is required for the processing of your application (form included). A form letter is included in this packet. Use the information on your receipt to fill in the blanks on the form. You are also encouraged to make personal contact with surrounding property owners and your homes association or neighborhood group to discuss your application. The Planning Staff can assist you with contact information for your homes association and neighborhood group.

For your convenience, a notification and affidavit checklist is included to assist you through this portion of the process. The affidavit should be returned to the Planning and Development Services Department the Tuesday two weeks prior to your scheduled hearing date. Improper notification of surrounding property owners will result in your application being delayed.

If you have any questions about the notification process or the required affidavits, please contact the Planning Department at (913) 895-6217.

CERTIFIED MAILING INSTRUCTIONS

Common questions/issues:

The same owner(s) own more than one property (Parcels 1 & 2) One notice may be sent, provided that the owner name(s) and mailing addresses are exactly the same.

The owner is an LLC, does the notice need to be sent to someone’s attention? (Parcel 3) You are only responsible to provide notification to the owner as listed on the County parcel records.

The owner and the billing names are different but have the same mailing address. (Parcel 4) Send one notice to the common address and list both the owner and billing names.

The owner and the billing names are different and have different addresses. (Parcel 5) You are required to send the notice to the property owner of record. We also recommend that you send a notice to the billing name address.

The owner and the billing names are the same but have different mailing addresses. (Parcel 6) You are required to send the notice to the property owner of record. We also recommend that you send a notice to the billing address.

If I have two applications for the same property, can just one notice be sent? You can send notices for two applications for the same property in the same mailing. However separate letters should be sent to make it clear that more than one application is being considered.

Sending Certified Mail. (The instructions below are intended as a guideline. Contact the USPS for specific instructions.)

1. Address your envelope as normal.

2. Fill in recipient's name and address at the bottom of the Certified mail form.

3. The receipt and the corresponding envelope/mailing label must be addressed exactly as shown on the property ownership list.

4. Peel the backing from the bar-coded label and place at the top of the envelope immediately to the right of the return address so the dotted line is even with the top of the envelope. Fold the upper green part of the label over the top of the envelope. **DO NOT place the sticker to the far right or on the side of the envelope;** sufficient space must be left for attaching postage.

5. Obtain an official date stamp on the receipt as your proof of mailing.

6. Detach the certified mail receipt and turn in to the City along with the completed mailing affidavit.

7. Keep your receipts in the same order as order of the property owner list.
