

NOTICE OF ELECTORS OF THE  
CITY OF OVERLAND PARK, KANSAS

Take notice that Evergy Metro, Inc. (fna Kansas City Power & Light Company) and the Governing Body of the City of Overland Park, Kansas, have commenced negotiations on a franchise agreement permitting the Company to construct, operate and maintain an electric system for supplying electrical service to the inhabitants of the City within the Company's service area certificated by the Kansas Corporation Commission. The franchise would be effective for 10 years, with two 5-year renewals, and would require the Company to collect and pay to the City a fee not to exceed percent (5%) of the gross receipts charged for electricity consumed within the City by all customers except the United States, the State of Kansas and any agency or political subdivision thereof, other public utilities and common carriers, non-profit educational, religious and charitable institutions, and wholesale purchasers of electricity. The proposed franchise, in the form of an ordinance, will be read and considered at a future public meeting of the Governing Body.
